

## **POWER OF ROLE MODELS**

**Denzel Washington:** Actor, producer and director.  
I found that nothing in life is worthwhile unless  
you take risks. Nothing.  
If you don't fail, then you're not even trying.

**Jennifer Lopez (J Lo):** Singer and actress.  
Be proud of who you are.  
Limitless is my word.  
Small ball gets you the wins.  
Make sure your (inner) voice is kind... lifting me up.

**Kobe Bryant:** Professional basketball player.  
This obstacle won't define me.  
Rest at the end, not in the middle.

**Eric Pennington:** Business Administrator for City of  
Newark, NJ.  
Hopefully, you can use uncertain experiences as a  
foundation to do something so much better  
because you know that whatever is facing you now  
can't possibly be as difficult as what you've gone  
through before and you can succeed.

## **POWER OF ROLE MODELS (2)**

**Jay Z:** Rapper, record producer, and entrepreneur. Do things you love, believe in, and understand. Have integrity.

**Rihanna:** Singer, songwriter, and actress. Pretend... don't let them see you sweat... work hard ... sleepless nights. Do not quit. Take breaks.

**Warren Buffett:** GOAT investor and philanthropist. You're going to get one body and one mind. That body and mind feels terrific now, but it has to last you a lifetime.

**Sean "Diddy" Combs:** Rapper, record producer, record executive and actor. Do something that has never been done before... Push yourself to greatness. Entrepreneurship is the cure for our poverty.
